Summary

Dedicated Web Developer with hands-on experience in PHP, Laravel, JavaScript, and MySQL. Currently interning as a PHP Laravel Developer at Smart Software Limited, contributing to both frontend and backend development. Proven ability to deliver scalable solutions, debug complex issues, and collaborate effectively with cross-functional teams. Seeking a Software Engineer role to leverage my technical skills and drive innovative web development projects.

Experience

PHP Laravel Developer Intern | Smart Software Limited   **August 2024 - Present**

- **SmartCRM Development Team:** Assist with feature implementation, debugging, and testing for the SmartCRM platform. Collaborate with team members to enhance functionality and meet business requirements.

- **BDJobs Live Development Team:** Contribute to the frontend design and user interface development for the BDJobs Live web application under the guidance of senior developers. Ensure a responsive, user-friendly experience by collaborating with front-end designers and back-end developers to implement design principles and interactive features.

- **Bug Fixing & Optimization**: Actively contributing to the identification, troubleshooting, and resolution of bugs in existing projects, improving overall system functionality and user experience.

Skills & Abilities

- **Web:** PHP, Laravel, JavaScript, Bootstrap CSS, HTML
- **Productivity:** MS Office Suit, Spreadsheets, Adobe Products
- **Database Management Systems:** MySQL, Oracle
- **Tools:** Git, XAMPP
- **IDE:** PhpStorm, VSCode, CodeBlocks
- **Operating Systems:** Windows, Linux
- Strong understanding of the Software Development Life Cycle.
- An understanding of manual testing practices.
